

Adrian School of Massage

May the blessings of therapeutic touch be widespread & within reach!

ASM's Massage Memberships

ASM's student, graduate, and professional massage services are open to the public, however ASM's Massage Memberships help individuals and households better afford the therapy needed to improve their health and wellness.

Memberships are purchased with a one-time fee for a 12 month period. Members may then partake in their payment bracket for the duration of their membership year. Memberships apply solely to the individual or family and are not transferable.
